REDWOOD MEDNET PRESENTS THE EIGHTH ANNUAL

Connecting California to Improve Patient Care in 2014

Practical Solutions for Health Information Exchange and Interoperability

INCLUDING THE CALIFORNIA CONNECTS INTEROPERABILITY EXHIBITION

FRIDAY JULY 25, 2014 - HYATT VINEYARD CREEK HOTEL - SANTA ROSA, CALIFORNIA

Connecting California to Improve Patient Care is a conference on electronic health records (EHR) and enabling interoperability for electronic patient data. Presenters explain practical solutions for securely sharing electronic clinical information between computer systems at separate health care facilities. Presentations address the status of health information exchange in California, national standards for interoperability, innovations in patient safety, and emerging tools for physician and patient engagement.

California Connects Interoperability Exhibition kiosks demonstrate secure exchange of electronic health health data, allowing one on one interaction with the kiosk presenters.
